Inauguration of E-Waste Recycling Unit

FROM THE DESK OF MANAGING DIRECTOR

Dear Stakeholder,

Greetings from Team Cerebra

I am very happy to get another opportunity to address all of you this year. Your Company has consolidated its position from that in the previous year and is growing rapidly. The new gleaming E waste plant is up and running. It is long cherished dream which came true this year and we are sure it will become the mainstay of your Company in the years to come. This is completely an environment friendly plant and very much needed for the one and all. We are sure this will become the pride of Karnataka in the years to come. A few photographs of the plant are also available for your viewing in this report.

Your Company achieved a turnover of Rs. 25197.46 Lakhs and a profit of Rs. 1124.96 Lakhs for the year. Our Dubai Subsidiary is also doing very well with a market coverage of the entire MENA region with over 170 resellers covering the entire region. We also have established a small base in Qatar and will soon be setting up an office in Saudi Arabia. Mr. Asit Ahuja, CEO for the region has explained in greater detail in this report.

We are expanding the SMT division by adding two more lines and this expansion programme is currently underway and should be ready by end of this year. We are adding more customers and the facility will be the latest in technology and will be capable of handling all materials and will have an inspection facility which you all can be proud of.

E waste as mentioned earlier is going to be the mainstay and my personal focus is on this division. We have established offices and warehouses in Mumbai and also in Chennai. We have already appointed quite a lot of collection agents across the country and will very soon have regional offices who will be working very closely with our collection agents. We have started an aggressive media campaign and have started approaching all the major E waste producers, OEMs across the country. Cerebra has an unique advantage i.e., we have worked with all these companies and some of them very regularly.

The hardware division is doing steady business and is on a growth path this year. We are again looking at a nationwide presence here and have started our services division also to take up AMCs which will work very cohesively with our E waste venture.

We take this opportunity to thank you all Shareholders, employees, vendors, bankers, advisors, Government of Karnataka and the Government of India for their continued support.

With warm regards,

V Ranganathan
Managing Director

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The Security Solutions division launched 3 years ago is now rolling out best in class solutions in the Surveillance Security domain through the region.

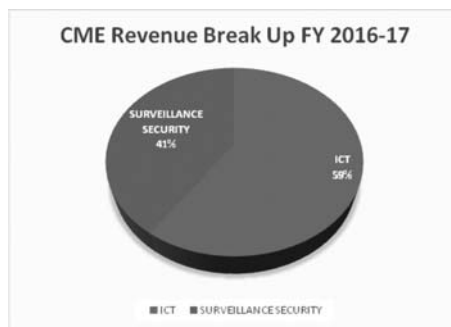

During the previous financial year, CME not only increasing their footprint in the Middle Eastern markets but also put forward their first steps into developing markets like Africa. Your Company also got some prestigious orders from Enterprise customers like Qatar Petroleum, Meraas Holding, Abu Dhabi Commercial Bank, National Bank of Abu Dhabi, Abu Dhabi Police, Dubai Mall, Burj Khalifa, Abu Dhabi Commercial Bank, Sharjah Islamic Bank etc. through CME's established Enterprise channel. SEGMENT WISE PERFORMANCE

The Surveillance Security Solutions division (SSSD) at Cerebra ME grew tremendously as compared to ICT Division (ICTD) during the financial year 2016-17.

The ICT business comprised of about approximately 60% of CME's Annual revenue as compared to 40% of the Surveillance Security business in FY 2016-17. However, the Surveillance Security business almost 100% year on year growth as compared to FY 15-16. The main reasons for this growth were an increasing demand in Security solutions in the Middle East Market along with an increase in CME's Surveillance Security vendor portfolio. The ICT sales had a growth in non hardware business with Softwares and Services comprising of nearly 45% of the total revenue.

The Video Management Software vendor, Milestone, outperformed all other business lines in the SSS Division. Further, it was extremely encouraging during the financial year 2016-17 in both business lines that the services comprised of over 10% of the total revenue, true to Cerebra ME's market reputation of being a "value added distributor".

OUTLOOK:

1. Market Outlook: The Middle East market had a modest growth in the financial year . Cerebra ME's strategy for the current financial year would be focused on market consolidation along with a greater territorial coverage. CME plans to increase its channel partner network by at least 25% this year focusing on newer markets, including Africa, to counter the slow growth in market spend throughout the region.
2. Financial Outlook: The financial liquidity crisis prevalent in the Middle East has led to lot of project delays, credit defaults, business closures and lack of financing, thus affecting IT and infrastructure spend. Cerebra ME plans to focus more on profitability this year rather than Revenue growth. Revenue consolidation will be the key along with greater focus on profitable business lines and services.
3. Product Outlook: Security concerns continue to be on top priority for most Governments around the world and more so the Middle East. Cerebra ME will be enhancing its product portfolio in financial year 17-18 in the SSS Division and is already in advanced stage of discussions with another CCTV vendor and a Networking vendor. There will be greater focus on software sales along with value added services.
4. Resource Outlook: Cerebra ME plans to invest in entry level sales resources and qualified technical resources in the current financial year. Sales expansions are primarily for lead generation in order to widen reseller breadth and technical additions would focus more on the profitable services avenues.

RISKS AND CONCERNS:

- Extending credit to channel partners in current market conditions
- Volatile market conditions
- Reduction in market spend
- Security concerns in Middle East markets
- Restricted finance offerings by FIs to SME segment
- Increasing financial defaults in the region
- Additional investment on resources for lesser known markets
- Oil and Gas sector under performing
- Limited market spend by vendors
- Demand for greater credit periods buy resellers affecting Distributor loyalty
- Low margin deals to retain customers

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

This is applicable more for publicly listed companies. Cerebra ME, even though being a Subsidiary of Cerebra Integrated Technologies Limited, is a free zone entity in the UAE and is not subject to any such compliance.

However, the organization maintains environments that encourage incorruptibility and deter fraudulent activities by management and employees. Cerebra ME's components of internal control are evaluated during its independent financial audit and the results of the evaluation directly influence a proper internal control system.

- Management Integrity: Management integrity, or the moral character of persons of authority, sets the overall tone for the organization. Cerebra ME's Management integrity is communicated to employees through the CME Staff Handbook and procedural manuals. The CME Management believes that in addition to communicating management

integrity, policy manuals facilitate training to employees. CME management's enforcement of policies is the major indicator of an CME's commitment to a successful internal control system.

- **Competent Personnel:** Cerebra ME's ability to recruit and retain competent personnel indicates management's intent to properly record accounting transactions. The present accountant has been the first employee and has been retained since inception of CME is UAE. In addition to the retention of employees, CME increases the comparability of financial records from year to year. Furthermore, our auditor, Ethics Plus, observes the reliability of the organization's personnel and hence reduces the risk of a material misstatement in the entity's financial statements.
- **Segregation of Duties:** Cerebra ME notes that a segregation of duties is critical to effective internal control because it reduces the risk of mistakes and inappropriate actions. CME's effective system of internal control separates authoritative, accounting and custodial functions.
- **Records Maintenance:** Cerebra ME believes that maintaining appropriate records ensures that proper documentation exists for each business transaction. Records management involves storing, safeguarding and eventually destroying tangible or electronic records. CME's back-up policy deters an employee or management from creating phantom transactions in the underlying accounting records. We strongly emphasize that a good records management program reduces operating costs, improves efficiency and minimizes the risk of litigation.
- **Safeguards:** Cerebra ME prevents unauthorized personnel from accessing valuable company assets. Safeguards are physical, such as locks on doors, or intangible, such as computer software passwords. CME believes that regardless of the methods, safeguards are a necessary feature of an organization's internal control system. CME safeguards blank cheques, company letterhead and signature stamps.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

FINANCIAL PERFORMANCE:

- **Target vs Achievement:** Over achieved target of USD 15 Million.
- **Profitability:** Net profit increase from 5.4% to 10.74 with no additional overheads.
- **Overheads:** Operational cost to company reduced by 12% in FY 16-17.
- **Performance Initiatives:** Incentives of sales personnel increased in FY16-17.
- **Cost Control:** No additional investment in operational costs with regards to real estate etc.

OPERATIONAL PERFORMANCE:

- **Policy deployment:** CME deployed corporate and stakeholders' objectives throughout the organization.
- **Competitive Scenario:** CME defined key competitive factors and alienated the business and the business units within its competitive environment.
- **Process orientation:** Focused on key business processes to manage business performance.
- **Active monitoring:** CME uses proactive performance measures rather than reactive measures in its periodical business reviews.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES:

Cerebra ME does not believe in employing people but believes in building and adding members to the CME team. The team development activities in FY 16-17 are as follows:

- **Training:** Enabling Sales, Pre-Sales and Post Sales personnel on knowledge and technology
- **Policies and procedures:** CME emphasizes on optimizing employee productivity, and reduces lack of efficiency that can cost the company time and money. Clear communication is emphasized for maintaining effectiveness in the workplace. CME's procedures ensure clarity and precision, whilst maintaining accessibility
- **Communication:** CME Management has an open door policy with ease of accessibility to reporting authorities
- **Clear definition and accessibility to Employee handbooks and forms**
- **Clearly defined Job descriptions**

Cerebra Middle East understands its Internal and External objectives and is aiming to be the No.1 Value Added Distributor for ICT and Security solutions in the region by the year 2020.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Cerebra Integrated Technologies Limited ("the Company") as of 31st March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to

the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Adverse Opinion

According to the information and explanation given to us and based on our audit, the following material weakness has been identified as at 31st March 2017.

According to the information and explanations given to us and based on our audit of the Company's internal financial control over advance payment for purchase of fixed assets, customer acceptance, credit evaluation and establishing customer credit limit for sales, were not operating effectively which could potentially result in recognizing revenue/ non provision for bad debts without establishing reasonable certainty of ultimate collection.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, because of the possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has not maintained adequate and effective internal financial controls over financial reporting and such internal financial controls over financial reporting were not operating effectively as of March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2017, standalone financial statements of the Company, and the same is reported under emphasis of matters in our audit report of even date.

Basic earnings per share are calculated by dividing net profit or loss for the year attributable to equity share holders (after deducting attributable taxes and dividend on cumulative preference shares for the year) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. Potential equity shares should be treated as dilutive when, and only when, their conversion to equity shares would decrease net profit per share from continuing ordinary operations.

m) Taxes:**Income tax:**

The current charge for income taxes is calculated in accordance with the relevant tax regulations. Tax liability for domestic taxes has been computed after considering Minimum Alternate Tax (MAT). The excess tax paid under MAT provisions being over and above regular tax liability can be carried forward and set off against future tax liabilities computed under regular tax provisions. Accordingly, MAT credit has been recognized, wherever applicable on the balance sheet date which can be carried forward for a period prescribed under the tax regulations.

Deferred tax:

Deferred tax asset are not recognized in respect of unabsorbed losses / depreciation and other benefits as there is no reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized.

n) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts and payments. The cash flows from regular revenue generating, financing, and investing activities of the company are segregated.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Cerebra Integrated Technologies Limited ("the Holding Company") and a subsidiary company which are incorporated in India as of 31st March 2017 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiaries, which are Companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Adverse Opinion

According to the information and explanation given to us and based on our audit, the following material weakness has been identified as at 31st March 2017.

According to the information and explanations given to us and based on our audit of the Company's internal financial control over advance payment for purchase of fixed assets, customer acceptance, credit evaluation and establishing customer credit limit for sales, were not operating effectively which could potentially result in recognizing revenue/ non provision for bad debts without establishing reasonable certainty of ultimate collection.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, because of the possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has not maintained adequate and effective internal financial controls over financial reporting and such internal financial controls over financial reporting were not operating effectively as of March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2017, consolidated financial statements of the Company, and the same is reported under emphasis of matters in our report of even date.

The financial statements of the Parent Company and its majority owned / controlled subsidiaries have been combined on a line by line basis by adding together the book values of all items of assets, liabilities, incomes and expenses after eliminating all intercompany balances / transactions and resulting unrealized gain / loss.

- ii. Minority interest in the net assets of consolidated subsidiaries consists of:

- a) The amount of equity attributable to the minorities at the dates on which investment in a subsidiary is made; and
- b) The minority's share of movements in equity since the date of parent-subsidiary relationship came into existence.
